

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

SECTION 1: CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product name:	NatureGuard EVI 622
INCI name:	Paeonia Suffruticosa Root Bark Extract, Chamaecyparis Obtusa Leaf Extract, Glycine Max (Soybean) Seed Extract, Citrus Limon Extract, Magnolia Officinalis Bark Extract, Ethylhexylglycerin, Butylene Glycol
CAS number:	223747-88-4, 91745-97-0, /, 92346-89-9, 928325-70-6, 70445-33-9, 107-88-0
EC number:	922-401-8, 294-769-1, 923-530-2, 296-174-2, 840-310-0, 408-080-2, 203-529-7

Relevant identified uses of the substance and uses advised against

Identified uses:	Cosmetic use
Uses advised against:	None known

Details of the supplier of the safety data sheet

Manufacturer/Supplier:	CINAGOS
Address:	No 39, Jalan Selat Selatan 7/KS5, Taman Perindustrian Sobena Jaya Pandamaran, 42000 Pelabuhan Klang, Selangor, Malaysia.
Emergency Contact number:	+603 31631679
Website:	

SECTION 2: Hazards Identification

Hazard classification:	Causes skin irritation Cause serious eye irritation Harmful to aquatic life with long lasting effects
Human Health Hazards	
Skin contact:	Causes skin irritation
Eye contact:	Cause serious eye irritation. Direct eye contact may cause temporary discomfort.
Ingestion:	No data available.
Physical/Chemical Hazards:	No data available.
Health hazards:	Causes skin irritation Cause serious eye irritation Direct eye contact may cause temporary discomfort
Environmental Hazards:	Harmful to aquatic life with long lasting effects

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

Precautionary statement(s) Thoroughly wash hands and face after operation.
Avoid releasing to the environment.
Wear protective gloves/clothing/goggles
If eye irritation persists, seek medical attention.
If in eyes: Rinse immediately with plenty of water for several minutes.
Remove contact lenses if convenient and continue to rinse.
Call the detoxification center or doctor immediately.

SECTION 3: Composition/information on ingredients

Chemical Name	CAS No.	EINECS No.	Weight (%)
PAEONIA SUFFRUTICOSA ROOT BARK EXTRACT	223747-88-4	922-401-8	2-8
CHAMAECYPARIS OBTUSA LEAF EXTRACT	91745-97-0	294-769-1	2-8
GLYCINE MAX (SOYBEAN) SEED EXTRACT	/	923-530-2	11-18
CITRUS LIMON EXTRACT	92346-89-9	296-174-2	2-6
MAGNOLIA OFFICINALIS BARK EXTRACT	928325-70-6	840-310-0	1-3
ETHYLHEXYLGLYCERIN	70445-33-9	408-080-2	4-6
BUTYLENE GLYCOL	107-88-0	203-529-7	51-78

SECTION 4: First aid measures

General Advice: If you feel unwell, seek medical advice.

Skin Contact: Take off immediately all contaminated clothing. Rinse skin with soap and plenty of water. In case of skin irritation or rash, seek immediate medical help.

Eye Contact: Rinse immediately with plenty of water for a few minutes.
Remove contact lenses if convenient and continue to rinse. If eye irritation persist, seek medical attention in time.

Inhalation: Remove person to fresh air and keep comfortable for breathing.
In case of respiratory disease, call a poison center or doctor.

Ingestion: Do not eat, drink or smoke when using the product. Do not induce vomiting. If individual is drowsy or unconscious, do not give anything by mouth. Rinse mouth with water. Contact a physician.

Most important symptoms and effects, both acute and delayed: No data.

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

Self-protection of the first aider:

Do not eat, drink or smoke. Enhance ventilation. Avoid contact with skin and eyes. Avoid inhalation. Use protective equipment, including respiratory mask.
No data.

Note to physicians:

Indication of any immediate medical attention and special treatment needed

Hazards:

Seek medical advice if unwell.

Treatment:

Treat symptomatically

SECTION 5: Firefighting measures

General fire hazards:

None known

Extinguishing media

Suitable extinguish media:

Water spray, Dry chemical, Foam, Carbon dioxide(CO₂).
Avoid the use of direct running water. Direct running water may cause splashing of flammable liquid and spread the fire.

Special hazards arising from the substance or mixture:

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Advice for firefighters

Firemen should wear full protective gear and put out the fire in the upwind direction.

Move the container from the fire site to the open space as far as possible.

Spray water to keep the fire container cool until the fire is extinguished.

If the container in the fire has changed color or made a sound from the safety relief device, it must be evacuated immediately.

Isolate the scene of the accident and keep out irrelevant personnel.

Collect and treat fire water to prevent environmental pollution.

Special protective equipment for fire-fighters:

Self contained breathing apparatus and full protective clothing must be worn in case of fire

SECTION 6: Accidental release measures

General measures:

Mark the danger area. Exposure to heat: have neighbourhood close doors and windows. Exposure to fire/heat: consider evacuation. Wash contaminated clothes.

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

Personal precautions, protective equipment and emergency procedures:	Use personal protective equipment as required. Avoid contact or step over the leaks. All equipment used in the operation shall be connected to the ground. Cut off the source of leakage as far as possible. Eliminate all source of ignition. According to the influence area of liquid flow and vapor diffusion, the warning area shall be defined, and irrelevant personnel shall evacuate from crosswind and upwind to the safety area. It is recommended that emergency responders wear gas masks and protective clothing.
Environmental precautions:	Collect spillage to avoid environment pollution. Do not allow into any water, sewers, on the ground or into any body of water.
Methods for cleaning up:	Small leakage: Absorb or cover with dry sand or other non-combustible materials, and collect in a container Large leaks: levee or pit. Transfer to tank truck or special collector with explosion-proof pump to recover or transport to waste disposal site
Prevention of secondary hazards:	No data available.

SECTION 7: Handling and storage

Precaution for safe handling:	Operation disposal shall be carried out in places with partial ventilation or full ventilation facilities. Avoid contact with eyes and skin. Avoid inhalation of steam. Operators must be specially trained and strictly abide by the operating rules. See section 8 for personal protective measures. Keep away from fires and heat. Smoking is strictly prohibited in the workplace. Use explosion-proof ventilation systems and equipment. If canning is needed, the flow rate should be controlled and there should be grounding device to prevent the accumulation of static electricity. It is recommended that operators wear filtering gas masks (half masks), chemical safety glasses, anti-toxic substance penetration overalls, and latex gloves. Avoid contact with prohibitions such as oxidants (see section 8). Light loading and unloading should be done in handling to prevent damage to packaging and containers.
-------------------------------	---

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

Equipped with corresponding varieties and quantities of fire fighting equipment and leakage emergency treatment equipment.
Empty containers may contain harmful residues.
Wash hands after use and do not eat or drink in the workplace.

Conditions for safe storage, including any incompatibilities

Heat and ignition sources:	KEEP SUBSTANCE AWAY FROM: heat sources. Avoid temperature exceed 37°C
Information on mixed storage:	Separated from oxidants, food chemicals. Do not mixed storage.
Storage area:	Keep container tightly closed. Store in a cool and well-ventilated warehouse. Keep out of direct sunlight. Meet the legal requirements
Special rules on packaging:	Closed, correctly labelled, meet the legal requirements Separated from incompatible materials (see section 10).
Others	Lightning protection equipment should be installed in the warehouse. The exhaust air system shall be equipped with a grounding device to remove static electricity. Do not use spark-prone equipment and tools. The storage area shall be equipped with leakage emergency treatment equipment and appropriate containment materials.

SECTION 8: Exposure controls/personal protection

Admissible solution

Not contain substances with occupational exposure limits.

Control parameters

Occupational exposure limits: Country specific exposure limits have not been established or are not applicable unless listed below

Exposure controls

Personal protective equipment: Gloves. Protective clothing. Safety glasses

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

Materials for protective clothing:

Hand protection:

Eye protection:

Skin and body protection:

Respiratory protection:

Give good resistance: nitrile rubber

Wear rubber oil-resistant gloves.

Wear protective glasses.

Wear protective clothing.

When the concentration in the air exceeds the limit, wear a filter type gas mask (half mask).

Respirators should be worn during emergency rescue or evacuation.

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Physical state:	Liquid
Appearance:	Viscous and transparent liquid
Colour:	Colorless to yellowish
Odour:	Characteristic
Property:	Values
pH(25°C±2°C):	3.0-5.0
Melting point/freezing point:	No data available
Boiling point:	No data available
Flash point:	No data available
Flammability limit:	No data available
Vapor pressure:	No data available
Vapor density:	No data available
Specific gravity (d_4^{20}):	0.95-1.10
Water solubility:	No data available
Partition coefficient: n-octanol/water:	No data available
Autoignition temperature:	No data available
Decomposition temperature:	No data available
Refractive index(20°C±5°C):	1.4400-1.4500

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

SECTION 10: Stability and reactivity

Chemical stability:	Stable under normal conditions.
Possibility of hazardous reactions:	No data available.
Conditions to avoid:	Heat, flame, spark, etc.
Incompatible materials:	No data available.
Hazardous decomposition products:	No data available

SECTION 11: Toxicological information

Acute oral toxicity :	No data available
Skin corrosion/irritation:	No data available
Serious eye damage/rritation:	No data available
Respiratory or skin sensitisation:	No data available
Germ cell mutagenicity:	No data available
Carcinogenicity:	No data available
Reproductive toxicity:	No data available
STOT-single exposure:	No data available
STOT-repeated exposure:	No data available
Aspiration hazard:	No data available

SECTION 12: Ecological information

Ecotoxicity:	No data available
Persistence and degradability:	No data available
Bioaccumulation:	No data available
Mobility in soil:	No data available

SECTION 13: Disposal considerations

Waste disposal methods:	Dispose of contents/containers. Dispose of the remaining and non-recyclable solution to a licensed company.
Precautions for waste disposal:	Prevent leakage into water, sewers, basements or enclosed spaces. See section 8 for security precautions for disposition personnel.

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

SECTION 14: Transport information

UN number:	None
UN proper shipping name:	None
Transport hazard class(es):	None
Packing group:	None
Special precautions:	No applicable.
Marine pollutant (Yes/No):	No.

SECTION 15: Regulation information

Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulation:	Listed in EINECS
National regulation:	No data available

SECTION 16: Other information

Training advice:	No supplementary information available
Revision information:	New SDS
Issue date:	08/01/2026
Other information:	No supplementary information available

Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, storage, transportation, disposal and release, and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. All items may have unknown hazards. Although some hazards are described in the text, we cannot guarantee that these are the only hazards that exist. Therefore, they should be used with caution

List of abbreviations and acronyms that could be, but not necessarily are, used in this safety data sheet:

GHS: Globally Harmonized System of Classification and Labelling of Chemicals

CAS: Chemical Abstracts Service

LD50: Lethal dose, for 50% of test population

NOAEL: No observed adverse effect level

SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

NatureGuard EVI 622

LC50: Lethal concentration, for 50% of test population

OECD 301A: Organization for Economic Co-operation and Development

EINECS: European Inventory of Existing commercial Chemical Substances

TSCA: Toxic Substances control Act of USA

DSL: The Domestic Substances List of Canada

KECI: Korea Existing Chemical Substances List

AICS: Australian Inventory of Chemical Substances
